Application No.: 10/644,045
Office Action Dated: March 22, 2005

PATENT

REMARKS

Reconsideration of the present application is respectfully requested. In response to the Notice of Non-Compliant Amendment dated September 20, 2005, issued in response to our response to the Office Action dated March 22, 2005, certain inadvertent procedural informalities pertaining to underlining within amended claims 1, 9, 10, and 15 were corrected in Applicants' response dated October 19, 2005. An incorrect dependency in claim 9 to claim 8 was removed by strikethrough. After deposit of the response dated October 19, 2005, it was noted that an additional correction in claim 1 related to a newly added "d)" was required. This supplementary amendment provides a current set of claims showing all corrections provided in the amendment of October 19, 2005 as well as the present amendment for clarity.

Applicants believe that the foregoing constitutes a complete and full response to the Office Action of record. Accordingly, an early and favorable Action is requested respectfully.

If the Examiner wishes to discuss the claims or has questions, the Examiner is invited to contact the undersigned attorney at (215) 557-5951.
